BOOK SYNOPSIS

Washington, D.C. Midday. A man waits at a bus stop, his intentions unknown. Two government operatives have been stalking him for days, waiting for him to make his move. Unexpectedly, the man takes off running and heads for a deserted warehouse. Jack Noble and his partner, Frank Skinner, believe the man to be part of a terrorist organization that is involved in smuggling drugs and guns and men into the country. But it turns out their plan involves far more export than import, and hits a lot closer to home. As the case unfolds, the man behind it all reaches out to Jack with a simple message... 37 hours.
