## BOOK SYNOPSIS

"An innovative guide for professionals that establishes an extraordinary approach to understanding the dynamics of addiction and the recovery process. RecoveryMind Training (RMT) includes state-of-the-art information on neuroscience and behavioral techniques. RMT challenges readers to see addiction from a different perspective and introduces a structured treatment model that will put order to the chaos typically found with addiction. Paul H. Earley, MD, FASAM has been an addiction medicine physician for thirty years. He treats all types of addictive disorders and specializes in the assessment and treatment of healthcare professionals. As a therapist, he works with patients already in recovery, providing long-term therapy for those who suffer from this disease. His professional expertise extends to advocacy for professionals before agencies and licensing boards. Dr. Earley has been on the board of the American Society of Addiction Medicine (ASAM) for over fourteen years in several capacities and is currently a director-at-large. He has been the Medical Director of two nationally acclaimed addiction programs specializing in the care of addicted healthcare professionals. Currently, he is the Medical Director of the Georgia Professionals Health Program, Inc. and a principal with Earley Consultancy, LLC, a training and consulting firm. He also trains therapists about the neurobiological basis of addiction and psychotherapy. In his travels, he has provided training in the United States, Canada, the United Kingdom, Italy, and Switzerland"--
