BOOK SYNOPSIS

A sensible man watches for problems ahead and prepares to meet them. The simpleton never looks and suffers the consequences. Proverbs 27:12 (tlb) Be Prepared! Don't Be a Victim! Natural disaster. Virulent disease. Terrorist attack. In almost an instant, the safe world you have known is turned upside down. Such catastrophic events are not restricted to the movies. They are becoming true-life headlines around the world. Disaster expert Dr. Paul Williams explains what you need to know and do to be prepared for the worst with hope. Drawing on 30 years' medical missions experience in more than 100 countries, he helps you learn how to be an anchor in the storm—for your family, with your church, and in your community. Be ready! Have a plan! Help others! There is no hype, no fear. Just a clear-headed assessment of what can go wrong, and what you need to do to face everyday emergencies with confidence and faith. With detailed checklists and step-by-step advice, this book will show you how to live in the now, but prepare for the future.
